Dear Bill:

I want to thank you and Coach Builders on behalf of Gary and I for the exceptional guidance and service you provided in the painting and the application of a truck wrap to our box truck.

First, you and your team did a great job on applying the graphic wrap from our partner, Jeld-Wen Windows and Doors. It looks awesome! Second -- and perhaps more important -- your guidance and advice were spot on and helped us as first-time clients through the process to a great conclusion. As a small family owned company we sincerely appreciate your effort on our behalf.

Thank you again for the exceptional customer service. If AMS can ever be of assistance to you or anyone at Peter Pan Coach Builders please do not hesitate to call Gary or myself. We look forward to doing business with you again.

Sincerely,

Chris and Gary Girard
